American Politics and the African American Quest for Universal Freedom. 7th ed. Boston: Pearson, 2014. Under the framework of the denial of the promise of and core value of freedom in the United States, this work examines the political engagement of African Americans in American politics across all facets of the political arena.

This Library of Congress exhibition, *The African-American Odyssey: A Quest for Full Citizenship*, showcases the Library's incomparable African American collections. The special presentation is not only a highlight of what is on view in this major black history exhibition, but also a glimpse into the Library's vast holdings of African American materials.

This study surveys recent editions of circulating introductory texts for teaching American government/politics courses. Most of the major textbooks used for these courses utilize the traditional institutional and behavioral approaches to the study of American government, which have historically treated the African American political experience as separate from mainstream American politics ...
