2. Write an introduction for the engineering project proposal. A brief discussion of the proposal's description can present the need for the engineering project. This part of the engineering project proposal can also help you to present the purpose not only of the project but the usage of the proposal document as well. 3.

Dec 03, 2018 · It is observed, students take on the final year project two ways. In the first method, students dive in right away and start working on the project without any proper planning and see how things progress as the project takes some shape. On the other hand, some students don't start their project at all

until days before the due date comes near.
