- Enhances learning for students by providing age-appropriate instruction that encourages the use and refinement of higher-order thinking skills (e.g., prompting students to explore ideas from diverse perspectives; structuring active learning experiences involving cooperative learning...

1: Work in Short Chunks. Strategies like the Pomodoro Method suggest setting a timer for 25-minutes, then taking a 5-minute break, then working for another 25-minutes. Whether you focus for 25 minutes for 55, working in short, focussed bursts is more efficient than hours at a time. 2: Eliminate Distractions.

About Active Listening. The way to improve your listening skills is to practice "active listening." This is where you make a conscious effort to hear not only the words that another person is saying but, more importantly, the complete message being communicated.. In order to do this you must pay attention to the other person very carefully.
